PERSONAL PROFILE

A web developer who also worked in application support with 3 years of experience.

WORK EXPERIENCE

Accenture Inc.
Project ASM-R | Aug 2018 - Current

- Developed multiple enhancements for our client's web application eliminating the need for change requests for reduced request turn-around time using Java, PostgreSQL, HTML, CSS, jQueryUI, JSP
- Supports multiple applications within the project via troubleshooting, analyzing or investigating issues raised by our client while coordinating with multiple teams as needed

Intern
Fortcode Inc. | Jun 2017 - Aug 2017

- Developed an employee time management web application using NodeJS, Express, VueJS, HTML (Pug), PostgreSQL and created unit tests with Mocha and Istanbul through Agile (Scrum)

Freelance
Champion Marketing | Aug 2016 - Dec 2016

- Developed an online ordering system to automate the client's business process
- Mainly worked on beautifying the system interface with minimal intervention in the back-end

EDUCATIONAL HISTORY

Lady Mediatrix Institute
Elementary to High School | 2005 - 2014

- Graduated in Year 2014

University of Santo Tomas
BS Computer Science | 2014 - 2018
